📍 Hyderabad, IN

SUMMARY

I am a **Microsoft Certified** Power BI developer with over **3.5 years** of experience focusing on **Power BI, T-SQL, MS Fabric, Power Apps, and Power Automate**. I specialize in creating impactful data visualizations and implementing efficient workflows. My strong foundation in Microsoft technologies enables me to enhance business intelligence solutions and streamline processes, making a significant impact in any data-driven environment.

EXPERIENCE

POWER BI & MS FABRIC Developer

Accenture

📅 09/2023 - Present   📍 Hyderabad, IN

- Developed end-to-end reports, handling requirements, UAT, and deployment while collaborating closely with clients.
- Guided client developers in Power BI through COE, dedicating 40% of capacity.
- Linked Snowflake to Fabric Warehouse using database mirroring and Direct Lake mode.
- Built optimized star and snowflake schema data models.
- Created measures, columns, and a date table using DAX for time intelligence and data management.
- Used advanced Power BI features like context transition, in-memory tables, and iterator cardinality to optimize reports.
- Developed visually appealing, interactive reports with icons, bookmarks, dynamic headers, and custom tooltips.
- Presented reports to senior leaders, including COO, CDO, and CTO.

POD LEAD POWER BI Developer

Accenture

📅 01/2023 - 08/2023   📍 Hyderabad, IN

- Analyzed and translated Tableau report logic into Power BI.
- Imported data from Snowflake and built the corresponding data model in Power BI.
- Developed measures, calculated columns, and tables using DAX functions.
- Developed parameterized, drill-down, drill-through, and hyperlink-enabled reports.
- Provided progress walkthroughs and addressed tool limitations.
- Debugged and resolved issues within the finance pod.
- Scheduled and managed report distribution through Power BI Service.

POWER BI Developer

Accenture

📅 06/2021 - 12/2022   📍 Hyderabad, IN

- Designed and analyzed project requirements involving the MS Azure SQL Server database.
- Imported data from cloud data source like MS Azure SQL DB to Power BI to generate reports.
- Created the Snowflake and Star Scheme for Data Modeling in Power BI.
- Developed parameterized reports, drill-down, and drill-through reports as per specifications.
- Created visuals to show rolling 12 Months of data.

EDUCATION

Bachelor of Technology in ECE

GITAM University

📅 06/2017 - 05/2021   📍 Visakhapatnam, Andhra Pradesh

KEY ACHIEVEMENTS

💎 **Achievements in Reporting Excellence**
Recognition for delivering multiple key reports for senior leadership by enhancing report interactivity and aesthetics, leading to commendations from top executives.

💎 **Timeline Optimization**
Cut project timeline from six months to three months, boosting efficiency.

💎 **On-Time Report Development**
Completed report development and deployment to production, ensuring 100% adherence to deadlines.

💎 **Center of Excellence Mentoring Impact**
Contributed significantly to the Power BI center of excellence by mentoring and enhancing the skills of numerous team members.

SKILLS

Microsoft Power BI	T-SQL	RLS
Microsoft Fabric	DAX	Data Modeling
Power Query	ETL	Data Visualization
Data Flow	Data Visualisation	SQL
Business Intelligence		Client Relations
Power Apps	Unit Testing	Agile
Power Automate	Data Validation	
Power BI Service	Power BI Desktop	
Tableau	Analytics	Data Analytics
Problem Solving	Microsoft SQL	

CERTIFICATIONS

Microsoft Power BI Data Analyst
PL-300 Microsoft Power BI Data Analyst

AWARDS

💎 **ACE Growth Catalyst Award - 05/2024**

💎 **Wall of Fame - 01/2024**

💎 **Wall of Fame - 12/2021**
